Principal's Update

Damien

Report to be tabled on the night

- Start of the school year – information changing frequently prior to information released to parents around the delay in school start and shortening the term.
- There will be a potential delay in some of the face to face events due to Covid.
- Covid protocols for teachers, parents and volunteers (eg Covid vaccination proof shown at office prior to going on site). Won't apply to parents picking up children from the school.
- Junior School newsletter will contain information about year levels where covid infections are reported.
- Remote learning not expected at present, but the school will notify if this changes.
- Actual student numbers are tracking lower than the Junior School's predicted numbers. Staffing model, at last year's level (30 classes, potentially 31).
- School funding based on day 8 census. 30 staff.
- Increase in resourcing this year and next year, eg new music instrument purchases. Art show funding requested (5.5k) 4.5k music purchases. Taylor Range. Total ~21.5k incl. new music purchases (10k excl.)
- Year 5 leadership program started today, induction soon.
