

2022 Voluntary Contribution Appeal

The Kelvin Grove State College P&C Association (P&C) is committed to providing a strong link between College, families and the community. This partnership is particularly important as our College community grows.

As you would be aware, the College has a number of significant developments underway or recently completed. The P&C is committed to enhancing these new facilities. For example, the P&C provided funds for landscaping around the new Junior School classrooms. We are also committed to enhancing existing facilities. For example funds raised by the P&C paid for additional library books, heating our College pool, class room air-conditioning and stage risers for our students performing in the College Hall.

Your contribution helps your student, and our College community. Please donate today.
